

MIDWEST TAPE

LIBRARIANS **#1** MEDIA SOURCE

DVD Replacement Program - 2013

Keep your multi-disc DVD titles in circulation.

DVD Replacement Program

Your patrons will thank you.

“Customized Standing Orders help me stay on top of what’s the latest and greatest in DVDs, CDs, and Audiobooks.”

— Alaina Dowd, Sayreville Free Public Library

You became a librarian for a reason: to provide your community with a hub, a gateway to the world. But it’s hard to do that when you’re damaging out broken or scratched discs or spending precious funds replacing damaged materials. Your patrons depend on you now more than ever. So what can you do in a time of budget cuts, shorter hours, and reduced staffing?

Midwest Tape is your solution.

We’ve been serving public libraries since 1989, so we understand the challenges you face. We’re more than a media provider; we’re a partner. We’ve developed a cost-effective replacements program that ensures your most popular DVDs always remain in circulation.

At Midwest Tape, *it’s what we do!*

DVD Replacement Program

Keep your multidisc DVDs in circulation, and never worry about lost or broken discs again.

With Midwest Tape's DVD Replacement Program, you only purchase the specific discs you need to replace rather than the whole set. This not only gives you the best value on replacement discs, but also ensures you maximize the life of your original materials.

Enclosed is a list of all our multidisc titles with replacements available. To order, simply search any of the following stock numbers on www.midwesttapes.com.

"I love Midwest Tape because they make building an audiovisual collection easy for me."

—Alaina Dowd, Sayreville Free Public Library
